

ORA SOOTHE[®]

“SOCKIT” GEL

PATIENT INSTRUCTION SHEET

- Remove resealable cap, apply the gel to the affected area, and reseal the tip by snapping into place.

- Start using OraSoothe SockIt Gel the day of procedure. Apply as often as needed for pain relief, but at least 4 times each day until the syringe is empty.
- Do not rinse with salt solution or any other product, as this will rinse the gel out.
- OraSoothe SockIt Gel contains no drugs, and is non-toxic and safe when swallowed.
- Store OraSoothe SockIt Gel at room temperature (between 50°- 86° F); avoid excessive heat or freezing. Do not store in direct sunlight.
- If you have any questions regarding the use of SockIt Gel, please call 800.872.8305 or visit www.sockitgel.com.
